

## Farmers Ask For Continuation of Present Benefits

Eleven Congressmen from the Agricultural Committee were in Temple Saturday where a hearing was held on the needs of farmers. Delegates were present from several states in the Southwest.

W. H. Upchurch, R. C. Buckles of Stratford and L. R. Conner of Farnsworth represented this district of the wheat section of the panhandle.

Five minutes were given each speaker in presenting the needs of the various sections. In addition to verbal discussions, briefs were filed by such delegations as wished to give documentary testimony to the committee.

The committee started hearings in the east and has traveled west through the nation to hear farmers and representatives from various sections.

Congressman Eugene Worley of this district is a member of the committee, and was with the delegation to hear the testimony.

It was stated following the hearing that 90% of the farm representatives in all of the hearings had asked for a continuation of the present farm program, with only minor changes.

It is expected that a farm bill will be ready for Congress by the time the special session of Congress convenes.

Mr. Buckles attended a hearing of the Congressmen held in Kansas before the Temple hearing.

## National 4-H Club Achievement Week Is November 1-8

November 1-8 is a mighty important week to a lot of young people in the nation. It's National 4-H Achievement Week. That's the time the youngsters in 4-H Clubs look back over their year's work, and make plans for the year coming up. It's a time when many local communities take time out to give honor and recognition to the more than 103,000 4-H members in the Lone Star State.

"When you look over the figures for 1946, you can see that the boys and girls have something of which to be proud. In Texas, 4-H Club girls worked on many various activities: home food supply, gardens, poultry flocks, orchards and livestock; canning, clothing, home and yard improvement; better farm and home management. They planned and served over a million meals, and canned over 900,000 cans of food." It was stated.

The boys didn't do so badly, either. Over 40,000 conducted demonstrations in field and truck crops, soil and water conservation, pasture improvement, forestry, game management, poultry, livestock and agricultural engineering. The combined livestock demonstrations really got into "big business," with over a million and a half dollars worth raised and sold.

These boys and girls are the agricultural leaders of tomorrow and they deserve the recognition of 4-H Achievement Week.

## Churches Plan For Special Services On Thanksgiving

A community Thanksgiving service will be held Thursday, November 27, at 9:00 a. m. at the First Christian Church, according to announcement of the Pastors' Association. Rev. Benjamin E. Bollman of the Presbyterian Church will be the preacher, and Weems Dykes of the First Christian Church will likewise appear on the program.

These men are new in Canyon and citizens will welcome this opportunity to hear and meet them. The full program will be announced later.

## Veterans Urged To Hear Speaker On G. I. Insurance

Local veterans will have the opportunity to get first hand information on G. I. Insurance Friday morning, Nov. 7, at 11 o'clock, when Mr. Sessums, Insurance expert from Lubbock, speaks in the Education Building auditorium at West Texas State College.

The speaker will give valuable information, answer questions and assist in straightening out any insurance problems veterans might have. Veterans are urged to reserve this hour, and hear Mr. Sessums.

### ATTEND AUXILIARY

Mrs. Ted Reid, Mrs. Elwood Shero and Mrs. Lee McLaury attended the district meeting of the American Legion Auxiliary which convened in Amarillo Saturday night and Sunday.

### LEGION AUXILIARY

Regular meeting of the American Legion Auxiliary will be held Monday, Nov. 10, at 7:30 p. m. All members are urged to attend.

## Armistice Day Will Be Observed in Canyon Next Tuesday, With Special Services Held at West Texas State

Armistice Day will be observed in Canyon next Tuesday by many business firms. The American Legion has requested that all business firms close from 11 to 12 o'clock for a community program, but a holiday will be observed generally throughout Canyon by business firms.

Glenn Truax, Commander of Palo Duro Post, states that the annual American Legion breakfast will be held at the Legion Hall commencing at 7 o'clock Tuesday morning. All war veterans and their families are invited to this breakfast.

The program will be held in the administration building auditorium at 11 o'clock. The Buffalo Band will play. Songs of World War I will be sung by the assembly. Lew Fields, former District Commander of the American Legion, will make the address. All veterans of Randall county are invited to attend this meeting.

A. B. Holt, secretary of the Chamber of Commerce, states that all business houses which had been contacted, have stated they intend taking the entire day as a holiday. Most business firms wish to take the three remaining holidays of the year—Armistice Day, Thanksgiving and Christmas.

## Cold Wave Sent The Mercury to Lowest of Fall

The new low for the fall was hit Sunday morning when the temperature dropped to 25 degrees above zero.

The mercury read 30 degrees Sunday morning. Since that time freezing temperature has been registered every morning. All vegetation has been killed by the low temperature.

No snow or rain has come this week, although high temperatures are registered during the day.

## No Serious Damage Was Done Here by Hallowe'en Pranks

A smashed window, and flat casings when the air was let out, together with the usual window soaping seemed to comprise the bulk of Hallowe'en pranks in Canyon.

Sheriff M. E. Cantrell says that the amount of damage was very negligible in comparison to the pranks pulled off in other towns throughout this area.

Officers were on the alert until after the midnight show was over, and then advised youngsters to get off the streets and go home as Hallowe'en was over. Mr. Cantrell stated that the youngsters were to be complimented for having caused so little damage in Canyon.

## Bundle of Clothing Will Be Sent To Church in Germany

The local Methodist Church will send a shipment of clothing next week to a congregation in Germany, which is served by a Rev. Schlott.

All kinds of clothing are desired for the shipment. Men's, women's and children's clothing, especially woollens, will be shipped in order that natives may be kept warm during the winter.

## News Asks For Early Ads and News Next Week

Due to the fact that next Tuesday will be Armistice Day, The Canyon News asks the cooperation of all advertisers, correspondents and reporters.

In view of the fact that most business houses will be closed Tuesday, it will be necessary that advertising for next week's issue be in the News office before 6 o'clock Monday evening. The News is published regularly Wednesday afternoon.

With postal service disrupted by the holiday, it will be necessary that correspondents mail their weekly letters a day earlier than usual.

Thanks a lot for your cooperation.

## Religious Census Will Be Taken In Canyon Soon

A new census will be made for Canyon beginning November 23, according to announcement this week by Rev. Hubert Thomson, president of the Canyon Pastor's Association. Effort will be made to determine the exact number of people now residing in Canyon, thus providing valuable information for all concerned.

There have been many changes in recent months, and no census has been taken for more than three years. Effort will be made to tabulate names with addresses by streets and post office, along with religious affiliation.

The plan calls for one hundred volunteers to make the house-to-house visits beginning Sunday afternoon, Nov. 23, and finishing by mid-week. Information will then be tabulated and perhaps the exact population of Canyon will be known, which has increased as much as 50% since the 1940 census, according to estimates by some of the utility companies.

## Conservation Will Be Discussed Nov. 12 by Bromfield

Randall county citizens are invited to attend a meeting at the Amarillo high school auditorium at 7:30 o'clock, Wednesday, Nov. 12, when Louis Bromfield will discuss soil conservation.

A special train bearing 125 leading business men from all over the nation will be in Amarillo for the day. A week's tour is being made over Texas and Mr. Bromfield will discuss conservation at various meetings. He is a well known authority and lecturer.

## Speed Graphic Stolen At Tech Thursday

The Department of Journalism at Texas Tech sends out warning that a 4x5 Speed Graphic, Anniversary model, with a Graphic back, was stolen from the department at Lubbock Oct. 29. It is equipped with a Kodak Ektar, f/4.7 lens, No. 2016, in supermatic shutter; Kalart range finder; King Sol flash gun with a "T" reflector.

Information regarding the stolen camera is sought by the department.

H. S. Sudderth spent the week end visiting in Elk City, Okla., with his sister, Mrs. M. L. Marney.

## Burney Slack Was Named Assistant to Judge Hunt

Due to illness of Judge A. H. Hunt, the Commissioner Court has elected Burney Slack to assist in the office of the County Judge, acting as Judge in this office.

Judge Hunt has been at his office for an hour or more each day, but says that he is still very weak as the result of his prolonged illness.

Mr. Slack is a former County Judge of Randall county and is well acquainted with the details of the office. He will continue to assist until Judge Hunt is able to resume his duties.

## Former Canyon Teacher Injured In Car Accident

Mrs. Floyd Montgomery is recovering in Northwest Texas hospital, Amarillo, from injuries received in a car accident, Saturday, October 11. She suffered a broken jaw, fractured neck and displacement. She is the daughter of Mr. and Mrs. J. H. McMurray of this city.

Mrs. Montgomery will be remembered here as Miss Florence McMurray, a former teacher in Canyon schools. She was driving from Petrolia, where she attempted to pass an oil truck, and because of the muddy roads lost control of the car, which swerved in front of the truck. Her husband was following directly behind the car in a school bus which he was taking to Panhandle to be repaired.

## Whiteway Being Extended Around Public Square

Additional whiteway lights are being installed in Canyon in order to improve the lighting system of the city.

Lights are being placed on the east, west and south sides of the square, next to the curb.

Additional lights will be extended on Fifth Avenue from the square west to the Presbyterian Church, and east to the Christian Church, if materials are available.

Construction work has been in progress around the square for several days.

## Christians Of Two Districts To Meet Here

Christian Churches of Districts 1 and 2 will meet at Ceta Glen, Tuesday morning, Nov. 11 at 11 o'clock, for the purpose of assuring a camp site for the summer conferences and camps to be held there by the churches.

Laymen of these districts are urged to be present for this very important meeting. Everyone is requested to bring a basket lunch.

## Has Calls For 50 More Telephones Within the City

Hud Prichard states that there are on file requests for about 50 telephones in Canyon. He could get the new phones installed if materials were available for the installation.

There is a large demand for more phones in the east part of Canyon where so many new houses are under construction.

## Local Woman To Hold Auxiliary District Office

Mrs. H. E. Camfield, was elected vice president of the Eighteenth District of the American Legion Auxiliary, in Amarillo Sunday at the district meeting.

She has served as president of the local chapter.

### NURSERY SCHOOL

Children, 3 to 5 years old, are being enrolled in the nursery school which is opening on the campus at West Texas State College. Two sessions will be held each day from 9 to 12 a. m., and 1 to 4 p. m.

Mrs. Willis Hedges will direct the group activity games, music and stories.

## Officers For Company E Are Signing Up Men

Plans are developing rapidly for the organization of Company E in Canyon.

Donald Olson, Captain, and Robert Bellah, First Lieutenant, took their physical examinations Monday and their papers were forwarded to state headquarters in Austin.

The officers are ready to accept enlistment applications from men who wish to join the infantry company. All men will be required to take a physical examination. Arrangements have been made for the examinations to be taken in Canyon rather than for the men to go to the Veterans Hospital in Amarillo for their examinations.

Lieut. Bellah states that according to information received here that there will be no further delays in the organization of the company. All of the future steps are mere routine and will be handled as rapidly as possible from state headquarters at Austin.

## 4-H Gold Star Girl And Boy Named For 1947

The 1947 Gold Star Girl and Gold Star Boy for Randall County 4-H clubs have just been named. They are Annabel Schaeffer of the Fairview 4-H Club and Albert Craig of Ralph.

This honor goes each year to the girl and boy who are chosen as outstanding in their work during the year.

Albert's club work began in 1940 with one Hereford calf. Since then he has been an active member in the Randall county 4-H Club. Albert feeds from one to four calves each year, and exhibits them at the Amarillo Fat Stock Show. He has also been an active member with his Crops and Swine Demonstrations.

He is feeding two calves and one bull this year, and will exhibit all three at the Amarillo Fat Stock Show in March.

Annabel has been a 4-H member for four years. She has served her club as president, secretary, council delegate, clothing demonstrator, and yard demonstrator. She also takes the lead in community activities such as playing the piano for Sunday School, church, and other gatherings.

She is learning to be an all-round homemaker by helping with such farm and home chores as caring for the chickens and garden, and helping can and freeze foods.

As clothing demonstrator, she made a house coat, two pairs of pajamas, five skirts, eight dresses, four blouses, one battle jacket, an apron, a hood, and hemmed ten cup towels. She also made a number of bedroom accessories, including pillow slips, scarfs, and a tufted bedspread.

## It Snowed! Yep, a Big Snow, on Nov. 1 - 48 Years Ago

C. P. Shelnutt says that it snowed on November 1.

Not in this dry year of 1947, to be sure.

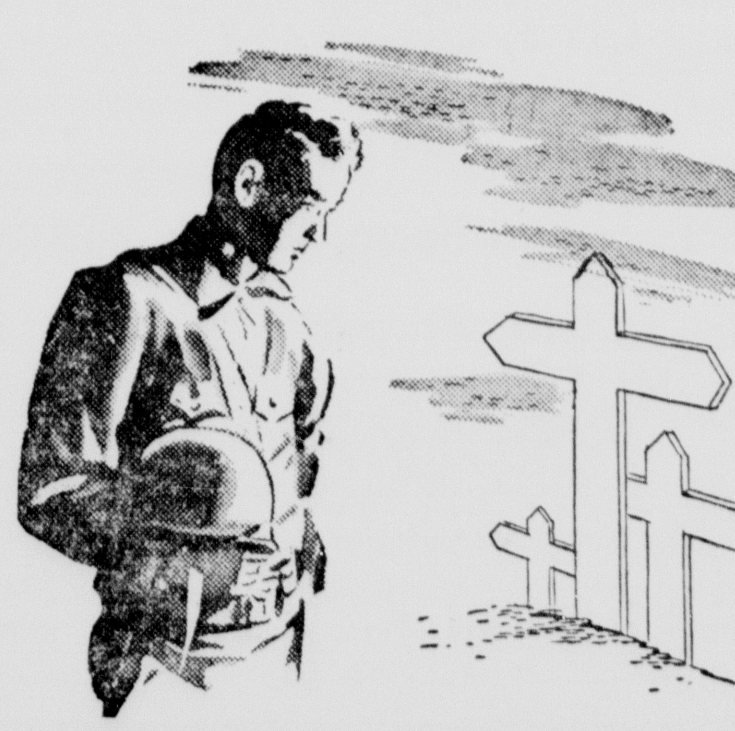

But it snowed on Nov. 1, just 48 years ago.

The snow stayed on the ground for about 30 days, and the winter was a cold one.

## ARMISTICE — 1947

## Hardin-Simmons Will Bring Strong Team Friday Night to Battle Buffs ---Visitors Hold Edge on Buffaloes

The rip-roaring Cowboys of Abilene, champions of the Border Conference in 1946 and the only undefeated team in the Southwest last year, will get out their lariats next Friday night when they tangle with West Texas State.

The game may prove to be a battle of the Johnson boys—with Al Johnson, All-Border Conference quarterback, proving that he is as good a passer as he was in 1946 when he rifled 91 passes toward Cowboy receivers with only two being intercepted.

Johnson's name may not be listed in top ranking of the nation's passers this year, but his record of low percentages in the pass interception department made him the safest passer last season and was one of the main reasons the Cowboy opponents were able to amass only 48 points throughout the 10-game season.

Davis Head Man  
Wilton "Hook" Davis is the leading ground gainer for the Cowboys and has dashed across the goal line for eight touchdowns this season (Continued on last page)

Mr. and Mrs. James L. Hill of Wichita, Kans., announce the arrival of a son, Robert Eugene, Nov. 4. The baby weighed eight pounds, seven ounces. Mr. Hill is a brother of Mrs. Burney Slack of this city.

Mr. and Mrs. J. Lowell LaFon are the parents of a son, who was born Oct. 30, in Clovis, N. M.

## Dr. S. L. Black Opens New Offices In Mineral Wells

Dr. Sanford L. Black, chiropractor, formerly of this city, formally opened his new offices in Mineral Wells, when he observed open house, Sunday, Oct. 19, from 2 to 5 p. m.

His clinic and home are combined in the six-room house which he recently purchased.

Dr. Black is a native of Canyon, was graduated from Canyon High School and attended West Texas State College for two years before entering the army in 1940. He served five and one half years in Europe under the command of General Patton. He participated in the Battle of the Bulge, Rhineland and Central Germany. He was discharged early in 1946 with the rank of lieutenant.

Dr. Black attended the Parmer School of Chiropractic, "The Chiropractic Fountain Head," Davenport, Iowa. Immediately previous to going to Mineral Wells, Dr. Black had been taking additional post graduate work in clinics in San Angelo and Abilene.

Mrs. Black, the former Dorothy Stokes of this city, plans to assist him in the clinic.

Dr. Black is the brother of George and Evelyn Black and the grandson of Mrs. Jessie Reid, all of this city.

## District Conference Methodist Church Wayside Thursday

Members of the Methodist Church from the Amarillo District will go to Wayside Thursday for the District Conference. A large number of delegates from the local Methodist Church will attend.

A barbecue will be served at noon by members of the Wayside Church.

Miss Edna Cone of Plainview spent the week end visiting here with her parents, Mr. and Mrs. Henry Cone. She is a student at Wayland College.

## New Water Lines Will Replace the Smaller Pipe

A shipment of 2,000 feet of 2-inch pipe is expected daily in Canyon for water line extension. The larger pipe will be used by the city to replace 3-4 inch pipe which has been laid in various parts of the city, but is now inadequate because of the large number of new homes being constructed.

Mayor W. A. Warren stated that the tests on the new water tank have been made and no leaks developed. The water tank is now in use by the city.

Work of replacing the pavement which was torn up while the new water lines were installed was started Monday. There has been ample time to discover any leaks which might have developed in the new water lines, but none were found.

## Veterans First War Will Eat at Rotary Luncheon

All veterans of World War I will be entertained next Tuesday at the luncheon of the Canyon Rotary Club at 12:10 o'clock. All veterans are requested to come to the Methodist church at 12 o'clock.

Chaplain Morris U. Lively of the Amarillo Veterans Hospital will speak at the regular program.

## Buffalo Lake Has Best Revenues in History of Plant

Randall county has received a check from the federal government in the amount of \$1479.58 as 25% of the concessions of Buffalo Lake for the year 1946. The money is given to the county to pay for taxes which would have been paid if the land had remained in private ownership.

Glenn McKenzie, concessionaire of Buffalo Lake, states that the revenues for 1947 will be much larger. This has been the largest season since the opening of Buffalo Lake.

# Editorials

A warning was given business men in Canyon last week by a speaker who has handled credits for many years. He warned that disaster lies ahead for business concerns which go out on a limb in extending credit far beyond the regulations which were set up during the war. Credit men generally agreed that Regulation W was a good thing during the war, and that it would be doubly good in time of peace, when competition becomes keener. Regulation W is a thing of the past, having died Friday night. This regulation sought to free the seller from the necessity of setting hard and fast rules when it comes to installment buying. But that regulation is now over. Every firm can adopt its own credit regulations. The business firm which sells too much on credit will soon find its credit exhausted. People who want the necessities of life are liable to pledge themselves to buy more than they can pay for, and thus we could have the same vicious situation that confronted the nation before Regulation W was adopted. Installment buying is a good thing when it is properly regulated, and when the buyers do not obligate themselves for more than they are able to pay. All of us have been crying for a return of business to business men. We shall now see just what we are going to do about it when given a free reign.

Governor Jester continues to carry his fight to the people of the nation on the right of coastal states to control oil in the oceans. He is accomplishing a lot of good. We see that a perpetual critic of all governors, located down at Austin, charges that Jester is riding a Don Quixote horse against the federal government. This is silly, when every taxpayer has a stake in the outcome of this fight. Those who do not know the truth think that Jester is fighting for the interests of the oil companies. Facts are that the oil companies do not care a whoop from whom they lease the land (or to whom they pay the royalty). But when this royalty goes into the state treasury, instead of being toted to Washington, it should concern every taxpayer of Texas. Under the new decision of the Supreme Court we are told that the way is paved for Congressional action. While the President has been sold on the idea of taking away the state's power over coastal oil lands, it is believed that he will sign such a bill now that 1948 is so close at hand. Politics does a lot of things to change the minds of political leaders.

Five Americans won \$400,000 by holding lucky tickets in the Irish Sweepstakes. Uncle Sam will take \$74,000 out of each \$100,000 won on the Irish national gamble. Naturally the \$26,000 profit looks big to the winners. We wonder about the thousands who bought tickets, but drew blanks. There are plenty of Americans who think that the quickest and surest way to pal the national debt is to establish a huge national lottery, with the top prize of a million dollars. They figure that the suckers would kick in the dough to buy tickets, while Uncle Sam would clean the winners out of most of their winnings. Professional gamblers want a surer way of beating the suckers than tickets in a Sweepstake. The professional does not give the sucker a chance for his money. Maybe the morals of the nation will break down some day so that the gamblers will have a free hand in this nation. For the present, we still have the moral code which prohibits legalized gambling in most states; and the states try to protect the suckers from the experts.

We are told that the coming battle of ballots in Potter county on the liquor question is getting red hot, even before the election has been called. The "name calling" stage has been reached. It is unfortunate that such fights usually engender a lot of hard feelings. The dries are determined to clean up Amarillo; while the wets are equally certain that the town will be ruined unless liquor flows freely. The eyes of Texas will be on Amarillo. The dries of Dallas are getting ready to

try to kick liquor out of that big city. Should the dries win in Amarillo, it simply means that the dries all over the state will start campaigns to again free the state of legalized liquor.

Former Governor Harold Stassen of Minnesota will be in Texas in January and has promised Panhandle Republican leaders that he will visit this section. He is a candidate for the GOP nomination for president. Personally we have always admired Stassen, as he did his bit in winning the war, and has worked with the Democrats in trying to win the peace. While he has criticized both the Roosevelt and Truman leadership, he has tried to help, rather than to be a stumbling block. For that reason we want to see the former governor, and to hear him, if and when he speaks in the Panhandle. Chances are he will not be acceptable to the big shots of GOP, who are sold on Dewey, but from this section Stassen would make a very acceptable President, should President Truman fail to meet the popular approval.

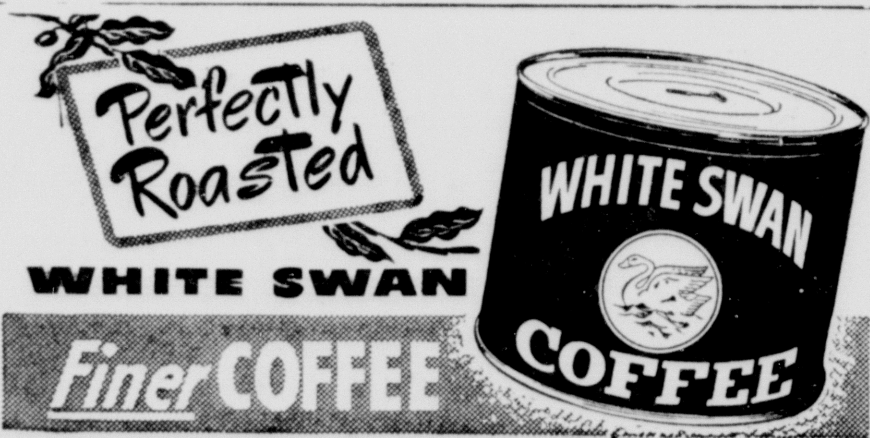

Just why any person, John Lewis or a Hollywood star or writer refuses to tell the world how he stands on communism is beyond us. If these birds are so strong for Communism, they would run to the arms of Uncle Joe, the daddy of all the Reds. So far as the rest of us are concerned, we like to live in ignorance. We believe that the Democratic form of government is superior to anything the Reds have dishied up; and while we are not trying to convince Russia and Russians to change their form of government, we are willing for the world to know that we resent any attempt of the Reds and their little band of followers in this nation to try to upset our way of thinking. We prefer to be left alone in our ignorance of the wonderful benefits that the Reds offer.

Interest is mounting in the future welfare of the Palo Duro State Park. The executive secretary and engineer of the parks board were here last week; the entire Parks Board is expected in the near future. None of these men had ever visited the Palo Duro, in spite of its importance in the park situation in Texas. It is evident now that the debt against the park may some day be paid off. Local folks are interested in a project which has more greater use other than of cash register value to pay off debts which do not decrease. If these members of the Texas Parks Board will only come and take a look at the Palo Duro they will find that they have something here worth developing.

The situation in France is grave. Two weeks ago when Mayor Lawrence Hagy spoke here, he referred to the grave situation in France, and wondered if Stalin would find it convenient to cause an "incident." The incident has happened. The only question now is whether or not Stalin will find a sufficient excuse for moving his troops toward France, or will he wait for future developments. Who Knows?

While Russia brags about the wonderful crops she has raised this year, the government fails to give any figures. The iron curtain is a convenient and deceptive thing.

In order to really collect grain for shipment to Europe, a friendship train is scheduled to leave California this week, picking up car loads of food along the way to the coast. Perhaps the idea will really bring in the grain, and the sponsors predict that the friendship train may develop into several trains before the job is accomplished. The whole scheme is being put into effect by volunteer labor, and not by official direction from either Congress or the White House. This is a good example of what may be accomplished in a free Democracy. Such a thing would be impossible under a dictatorship, where all of the thinking of the people is done by a few at the head of the state. This example may be as good for Europe as the food which is shipped.

When Will Clayton was selected for a place in the government, many Texans raised their eye-brows. Clayton, the millionaire and the largest cotton merchant in the world, was taking a government job—to feather his own nest—thought a lot of people. But Clayton turned out to be a real Democratic leader, working with the view of doing something worthwhile for the nation. He had wealth sufficiently large to be above temptation to run the department of government in which he labored for his own benefit. As we have said many, many times, all rich men are not crooks; and most certainly all poor men are not angels.

The increased number of airplane tragedies point to the fact that more people are risking their lives in planes which have not been properly built or not properly serviced. There seems to be about as many small craft which are crash victims as the larger ships, on which the layman naturally looks with suspicion.

The Democratic National Committee has a new chairman and has picked Philadelphia for the convention. It is taken for granted that President Truman will head the ticket in 1948. No other name is being whispered. The choice of a

candidate for vice-president is the only problem facing the committee just now. There will be a large field of "willing" Democrats, but the final selection will probably be postponed until after the Republicans trot out their candidates. For psychological reasons, the Democrats will meet in the same city as the Republicans, following the GOP together by a couple or three weeks.

Just when little pudgy Petrillo seems to be whipped, he breaks out in a new place. He now decrees that his union musicians cannot make recordings after December. Petrillo has been the most persistent labor boss, aside from John L. Lewis, although his union does not have the strength of the miners. While canned or live music are not essential to life, as is the case of coal, Petrillo may find it difficult to sell his idea to the American people. There is such a thing as going too far in these union demands.

Where in the world has 1947 gone! Probably to the kids looking forward to the coming of Santa Claus. This old year has been a very draggy outfit. But to the oldsters (and it looks like we were about the oldest) this year has gone by at a terrific pace. Here it is November, just two more months until 1948.

Just a word to the wise! Only 40 more shopping days until Christmas! Have you started to think about Christmas? Better get busy.

If Senator Claude Pepper keeps on throwing in with the Communists, he will win the lasting title of Red Pepper.

The Middle East provided 10.1 per cent of the world's production of crude oil during the first half of this year. Ten years ago, that region turned out only 5.6 per cent of

the world's supply. At 7,932,546 barrels, the world's daily average output of crude during the first six months of 1947 was 6.6 per cent above the average for the corresponding period last year.

Unofficial surveys indicated that more than \$3 billion worth of private capital in the U. S. is being

held ready for investment in Europe. Private interests are wary of entering into European ventures, however, because of the uncertain political outlook in many of the countries involved.

Everything has gone up but ideals, and they seem a little lower if anything.

### Halloween Party Given for Friends

Wayne Ladehoff

Wayne Ladehoff was honored with and outdoor Halloween party, given by his parents, Mr. and Mrs. Donald Ladehoff, Oct. 29. The playground was decorated with black

cats, skeletons, jack-o'-lanterns, shocks of feed and baled hay with a big black pot in the center. Throughout the evening, string music was provided by F. M. Mitchell, John Ladehoff, Jr., Buck Shirley and Lemorse Massey.

The table was covered with a halloween cloth with napkins to match. Favors were candy bars wrapped in orange crepe paper, tied with black ribbon.

Cards were passed, and Joan Bennett and Glen Wagner who held the lucky numbers, "13", lighted the candles. Dominoes, card and ring games were played.

Marshmallows, hot dogs and doughnuts were served buffet style with tea or coffee.

Present were: Lillian Allen, Carol Hamblen, Ramona Simon, Fred Le Grand, Earl Simon, Melvin Wagner, Billy Thompson, Lucille Simon, Alvine Wagner, Jimmy Simon, Richard Winters, Varl Wagner, Orville Ladehoff, Coy House, Harlena Ladehoff, Ted Erwin, Allen H. Winters, Dian Ladehoff, Bill Hand, Barbara Ann Winters, Frances Litch, Majorie Mae Lindray, Neal Raymond, Margret Raymond, Carrie Bell Ruggles, Joan Bennett, John Winters, Ralph Benton, Venison Raymond, Glen Wagner, Jim-

mie Britting, Bobbie Wagner, Lee Britting, Winona Winters, Sue Coburn, Billie Hagee, Lee Wagner, Evelyn Winters, Mr. and Mrs. Clarence Winters, Mr. and Mrs. W. Wagner and family; Mr. and Mrs. John Ladehoff and family; Mr. and Mrs. Fred Coburn, Mr. and Mrs. Harold Ladehoff, Mr. and Mrs. Leonard Winters, Mr. and Mrs. Less Raymond, Mr. and Mrs. J. D. Benton, Mr. and Mrs. Elmer Winters, Mr. and Mrs. Al Britting and family, G. W. Allen, Curley Allen, Mr. and Mrs. C. O. Bennett, Mr. and Mrs. C. L. Shirey, Mr. and Mrs. Burk, Lemorse Massey, Donnie Ladehoff, Mr. and Mrs. A. H. Simon, the honoree, Wayne, and his parents, Mr. and Mrs. Donald Ladehoff.

### ROSE WALKER MEMBERS MEET FOR MISSION STUDY

Mrs. I. M. Steen gave the devotional when members of the Rose Walker Circle of the First Baptist Church were entertained in the home of Mrs. C. H. Stratton Tuesday afternoon.

After the opening song, Mrs. T. T. Fain presided at the business session. Mrs. J. T. Burnett directed the mission study, and reports were heard from the Friona meeting.

Refreshments of sandwiches, spiced cookies and mints were served.

Next meeting will be in the home of Mrs. Jim Payton.

Present were: Mrs. J. C. Dowd, Mrs. Steen, Mrs. Jessie Reid, Mrs. J. D. Key, Mrs. Burnett, Mrs. Fred Soree, Mrs. W. H. Sparks, Mrs. Fain, Mrs. Payton, Mrs. George Small and Mrs. Stratton.

### MRS. T. B. McCARTER IS FRIDAY BRIDGE HOSTESS

Mrs. T. B. McCarter was hostess to members of the Friday Afternoon Bridge Club at three tables. The home was attractively decorated with bouquets of fall flowers.

During the refreshment hour, a salad course was served by the hostess to Mrs. Frank Kimbrough, Mrs. Lee Foster and Mrs. C. A. Murray, guests, and Mrs. C. R. Burrow, Mrs. Wallace A. Clark, Mrs. J. S. Humphreys, Mrs. S. L. Ingham, Mrs. R. A. Terrill, Mrs. F. E. Savage, Mrs. D. A. Shirley, Mrs. Ann Wofford, and Mrs. Clyde Warwick.

### HALLOWEEN PARTY IS GIVEN KAREN PARKER

Karen Sue Parker, daughter of Mr. and Mrs. Bud Parker, entertained a group of her friends with a Halloween party in her home Friday afternoon. The children were dressed in costumes.

After appropriate games, a wiener roast was held.

Present were: Judy Taylor, Sally Foster, Beverly Colwell, Shannon Downing, Alexis Ann Wooten, Dudley Bain and Karen Sue.

### Local Girl Is Being Treated for Light Case Polio

Mary Louise Higdon, 7 year old daughter of Mr. and Mrs. W. M. Higdon of this city, is in a Plainview hospital where she is receiving treatment for a light case of polio. She is a second grade pupil at West Texas State Demonstration School.

Mary Louise was taken ill Friday, and after receiving medical attention here, went with her parents to Plainview Tuesday morning. At no time has she been critically ill, but some stiffness developed in her back and neck. The doctors at Plainview believe that she will completely recover, suffering no permanent affliction.

If she recuperates as expected, she will be able to return home in four or five days, and will remain at home for several weeks before returning to school.

Mr. Higdon said that Mary Louise was fortunate to have received medical treatment at once, as a delay might have caused permanent ill effects.

Doctors have advised mothers of this city to protect their children by preventing them from becoming too fatigued and by being certain that they are receiving plenty of rest and nourishing food.

### Former Resident Dies as Result of Recent Accident

Word was received here this week of the death of L. C. Ponder, 55, of Fort Worth, construction foreman for Southwestern Bell Telephone Company, who died at 10:10 p. m., Wednesday, Oct. 29, of injuries received when he was struck by a railroad motor car three miles north of Saginaw.

Mr. Ponder was injured about 2:30 p. m., Tuesday, when he stepped back on the Rock Island railroad tracks in the path of the car while working on line construction.

He had been employed by the company for 23 years, and moved to Fort Worth from Canyon with his family last December.

He had recently started taking Masonic work. He is survived by his wife; two daughters, Billye and Bettie Jo Ponder, all of Fort Worth, a brother, Zed Ponder of Holland, Bell County; and a nephew, W. A. Berry of Houston.

Funeral services were conducted in Fort Worth.

Mrs. Buren Fewell of Abernathy spent Saturday visiting in the home of her mother, Mrs. Mary Burtz, and with other relatives here.

## District Governor Made Annual Visit to the Rotary Club

Governor Jim McCullough of Stamford, accompanied by Mrs. McCullough, visited the Canyon Rotary

Club Monday and Tuesday on the annual visit to the club. A club assembly was held Monday evening at the College Cafeteria.

Governor Jim paid high tribute to former governor Harris M. Cook, who attended the Tuesday luncheon, accompanied by Mrs. Cook. He congratulated the local club for the fine spirit which prevailed.

The Governor described the influence of Rotary as it has gone all over the world, and influenced the lives of millions of people.

Too many people believe today that good things will come to them, regardless of what they do. The individuality of the olden days has been replaced by mass production; the lack of initiative in our entertainment, and our sports. We have become an age of specialists.

The greatest need of the world today is men of ability and ambition to lead us to make a living and teach us how to live.

The four objects of Rotary are repeated in the four principles laid down in the United Nations charter. UN will succeed when all men realize that they must work together for the common welfare of the world.

The greatest need in America today is for the older generation to look around and make conditions more favorable for youth of today—that they can do a better job than we have done in the past.

The four greatest attitudes are: Faith in ourselves; faith in our fel-

lowman; faith in our country; faith in God.

Secretary Jack Haley passed the cigars honoring a son who was born Monday evening.

Visitors were: Rev. B. E. Bollman and H. C. Adcock of Canyon; Jerry Owen, Enid, Okla.; J. E. Bowman, F. H. Rietman, H. C. Vincent, Max K. Watson, Jim Rowntree, J. O. McGuire, Bob Foster, Arch B. Husley, Dory Deaton, L. A. Vahue, all of Amarillo.

Mr. and Mrs. John H. Wright have returned to Canyon after visiting in the home of their son, Rev. J. H. Wright, in Olney. They returned by way of Fort Worth where they attended the Ponder funeral services.

Mrs. Creed Thorp of Los Angeles, Calif., left this week after visiting here with her sister, Mrs. James H. Williams, and with other relatives and friends. Mrs. Thorp is the former Miss Marie Downing.

Mr. and Mrs. Dean Hinds have returned to their home in Portland, Ore., after visiting here with her parents, Mr. and Mrs. R. R. Riggsby. Mrs. Hinds will be remembered as the former Miss Raynelle Riggsby.

Mrs. Walter Graham and daughter, Bobby, Mrs. Boyd Moore, Mrs. P. Frank Hicks, Mrs. T. H. Knighton and Mrs. Ed Phillips attended the Ponder funeral services in Fort Worth last week.

Mr. and Mrs. Neil Cooper and Mr. and Mrs. T. E. Allen of Midland spent the week end visiting in the homes of Mr. and Mrs. C. O. Cooper and Mr. and Mrs. Crannell Tolliver.

Mr. and Mrs. Joe Murray of Lubbock were here Saturday for a visit in the home of Mr. and Mrs. N. T. Dickerson, and with other relatives. He is a nephew of Mrs. Dickerson.

Mr. and Mrs. Earl Anderson and daughter, Bette, of Springfield, Mo., were visitors in the W. I. Wester home Thursday night. Mrs. Anderson is a niece of Mr. Wester.

Mrs. H. E. Dromgoole and daughter, Betty, of Dalhart, were week end guests in the home of Mr. and Mrs. Meredith Warren. They are mother and sister of Mrs. Warren.

Mrs. Ed Money and children, Ed and Eloyce, spent the week end visiting in the home of her parents near Arney.

Hosea Foster, R. M. Hays and Carl Lee of Lubbock went to Dallas Saturday to attend the Texas-SMU football game.

Mr. and Mrs. Roy Bader of California and Mr. and Mrs. Jack Rose of Canyon were visitors in the Clem Friemel home Sunday.

Mrs. Floyd Dunsworth and son, Arnet, of Sunray are visitors in the home of her parents, Mr. and Mrs. G. C. Cole.

Mr. and Mrs. A. C. Thompson of Hereford were Sunday visitors in the home of Mrs. Florence Stephenson and Suzanne.

Mr. and Mrs. Alvin McDonald and daughter, Debra, spent the week end visiting and attending to business in Oklahoma City.

Mrs. A. R. Glenn and daughter, Laura Ruth, are in Jackson, Miss., where they will spend a week visiting with relatives and friends.

Billy Boston of McLean spent the week end here visiting in the home of his parents, Mr. and Mrs. Murray Boston.

C. O. Cooper is reported to be much improved this week. He is recovering at his home from a recent illness.

Mr. and Mrs. Ed Bailey and son, Joe Lynn, spent the week end visiting and attending to business in Santa Fe, N. M.

## News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of November 2, 1922)

The general election will be held next Tuesday. A last minute effort is being made to keep the name of Earle B. Mayfield off the ticket.

Dr. C. E. Ellis, secretary of the Church Extension Board of the Methodist Church, made a survey of the local situation with the view of donating at least \$25,000 toward the construction of a new brick building.

An election has been called for November 29th to issue \$100,000 bonds for a new high school building.

Paving around the square has been completed.

L. B. Jones has traded Huntsleigh Hall (now Randall Hall) to two Roswell women.

J. C. Barnett has sold his 17 section ranch east of Canyon to G. E. Nance of Ada, Okla. Mr. Nance plans to improve and stock the ranch soon.

Business men have been called to meet next week to raise a bonus for a cotton gin.

A son was born to Mr. and Mrs. Milton Dooley.

There was a heavy freeze Tuesday night, killing all vegetation.

E. T. (Dusty) Miller was held in contempt of court during a trial in Canyon in September. Judge Henry S. Bishop assessed a fine and imprisonment against Miller. The case was taken to the Court of Criminal Appeals, where Miller was discharged.

Edward Gerald is business manager of the first Canyon high school annual ever to be published.

New Secretary of Defense Forrestal and his top aides, Royall, Sullivan and Symington will use all possible pressure to convince Truman he should demand more money for the U. S. armed forces, if the Administration intends to continue its "stop-Russia" program.

Now if some fiend was forcing chorus girls to wear these contraptions, we might step in. But if women want to stuff themselves into corsets there's nothing the Health Service can do about it.—Paul Stone, U. S. Public Health Service.

Nobody can tell me that the through trains of the country are not making money, because I know they are. If they would put on more trains they would pay for themselves.—Robert R. Young, chairman, Chesapeake & Ohio railroad.

I cannot condemn too strongly those who would squeeze the American people for their money at a time when we are trying to share our feed with millions of starving people abroad.—Sen Styles Bridges (R-N. H.).

In the long run, the only way to bring our national economy into balance and shake prices down to their natural level is greater and still greater production with a resumption of true, competitive enterprise.—American Federation of Labor Executive Council.

Czechoslovakia is planning to make its own ball bearings. A large factory to produce them is to be built in Slovakia. The country heretofore has imported bearings.

## Christmas Program Will Be Put on by Choir December 1

At the first meeting of the Community Choir Thursday night, the date for the Christmas program was set. The program will be held on Thursday night, Dec. 18.

While the attendance for the first practice was not large, it is hoped that there will be a large turnout Thursday night at 7:30 when the choir holds its second practice at the Baptist Church.

All singers in Canyon are urged to come to the choir practice.

Practices will be held on Thursday nights until further notice.

The pastors of Canyon have invited the choir to have charge of the Thanksgiving service. This service will be held at the First Christian Church.

The choir is sponsored by the Music-Arts Club, and Glenn Truax is the director.

Because of the tense situation between Russia and the U. S., the November meeting of the Big Four foreign ministers in London probably will be the last attempt to come to terms on German and Austrian peace treaties by that method. If the conference fails, some diplomats expect Russia to follow it up by establishing a Socialist Soviet Republic in the Russian zone of Eastern Germany.

They (the Germans) insist on believing that the bad living conditions in which they are living are the consequence of Allied policies and not because of Hitler and the fact that they lost the war.—Thomas Mann, author.

Few people realize that one American out of every 12 now earns his living by producing for world markets; and the only way to maintain those markets is to help other people get back on their feet.—Secretary of Commerce Harriman.

Next year's crop depends upon the machinery available to plant and harvest that crop.

It is pretty certain now that lack of material and skilled labor will slow down the production of new INTERNATIONAL farm equipment. Some farmers will be able to get their new machines; others will have to wait a little longer. Randall county farmers will not become impatient in this delay, since they recognize that INTERNATIONAL is the machine which they need. They have depended upon INTERNATIONAL for many years.

In the meanwhile, this is an invitation for all farmers to bring their farm equipment to our well equipped shop where our skilled workmen will do a good job in putting it in first class condition.

When you are having machinery trouble, please remember that this Repair Shop stands ready to give you prompt service. It will pay you to have your farm equipment checked before you have to start running it in the fields.

America will have to furnish much food to Europe next year, so get ready for a big crop in 1948 by having your farm equipment put in the best condition.

### Hardin-Simmons

(Continued from page one)  
and has traversed 432 yards up to the game with Mississippi State. "Hook" is filling in for Rudolph Mobley. The first kickoff he ever (Little Doc) Mobley, who was the

nation's leading ground gainer last season and in 1942. Davis has already returned two kicks for touchdowns and has been hailed by some sports writers as a faster man than Mobley. The first kickoff he ever received as a college player he ran

it back 90 yards for a touchdown. The Cowboys, while dropping two games have not as yet been defeated in conference play, and will be striving to keep the slate clean when they tangle with the Buffaloes Friday night.

#### Buff's Win In 1924

The Buffs have dropped one conference game to Tech and will be gunning for this one in hopes that some team will knock Tech from the undefeated ranks in conference play. The last time the Buffs beat Hardin-Simmons was in 1924 when Coach Frank Kimbrough was captain of the Cowboys.

The Buffs made it three conference wins in a row in a easy 25-0 win over Flagstaff. Kimbrough, letting his reserves play most of the game in order to gain valuable game experience that may be needed here Friday night, did not show scouts from Hardin-Simmons and Tempe anything they did not already know. Kimbrough, noted for playing his cards close to his vest, will have his squad sharpening their passing and running attack which seemed impotent at times. Although winning by a wide margin over Flagstaff, the statistics did not show the Buffs too superior in running, passing or punting.

#### Buff's Rated Over Hardin-Simmons

This is a natural battle. The Buffs haven't won in 23 years. Kimbrough is an ex-player and coach from

Hardin-Simmons and expressed at the start of the season that there were only two games he wanted to win. Hardin-Simmons is one of them, so watch out for fireworks as Kimbrough and the Buffs throw everything in the book at the Cowboys in an effort to win.

According to Hobson Sparr in his Sparring of October 27 the Buffs are given a national rating of 51; the Cowboys are 64. Mr. Sparr also has the Buffs leading the Border Conference standings with an average of 77.4, with the Cowboys from Hardin-Simmons in third place with an average of 70.7.

#### Buff's Trample Cowboys

The Buffs have been playing only one game a week and now that the Flagstaff game is history they will begin to look forward to kick-off time Friday night when the invading Cowboys from Hardin-Simmons will attempt to lasso and hog-tie the Thundering Herd.

Many is the story that can be told by the real old-timers, who fought their way into the plains country, of careless cowboys that were caught in the path of a stampeding herd of buffaloes and trampled to death while hunting for their hides, and that is likely to be the story Friday night.

Mr. and Mrs. Ira E. Brown of Dimmitt spent Sunday here visiting in the home of Mrs. B. C. Taylor.

## REVOLUTION in tire construction gives added strength and durability to CO-OP TRUCK TIRES

Years of research by our supplier, one of the nation's leading tire manufacturers, have resulted in a revolutionary tire construction principle.

The principle: Greater strength, longer wear, and more dependable service—with fewer plies!

The number of plies was the measure of the quality and durability of the old style tires. Quality and durability in the new style tires are based on the strength of the individual plies rather than their number alone. The increased strength of the plies results from the use of vastly improved high tenacity rayon cords. These cords have much greater strength and fatigue resistance than the cotton cords or the old type rayon cords formerly used. The effect of this new development is to produce eight-ply tires, for example, which have greater strength than ten-ply tires of the old style of construction.

Advantages of the new CO-OP Rayon Truck Tires are:

1. greater resistance to tread separation
2. greater resistance to ply separation
3. greater resistance to rupture "growth"
4. greater resistance to bead failure.

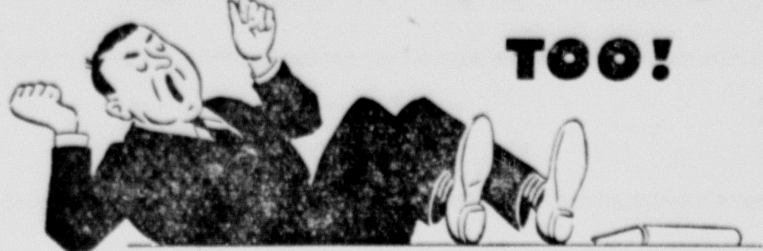

The Tire and Rim Association is substituting the term "ply rating" for the old term "ply" in its Heavy Service Tire load tables. CO-OP Truck Tires will carry this new type label rating.

National Cooperatives is among the first to make this new, improved tire available to the public. CO-OP Truck Tires are dependable—see them—

FRANCES LYNN TOWNES

"... thrilled to portray Bergmann-created role."

Frances Lynn Townes, sophomore from Amarillo, has been chosen for the leading role in "Joan of Lorraine," the two-act drama of Maxwell Anderson which is to be presented November 24, under the direction of W. A. Moore, dramatics instructor. This was announced by Mr. Moore Thursday night after two try-out sessions held Wednesday and Thursday nights.

As Colonel Ray Leeman sits, smiling and alert, at his desk in San Antonio, he has at his finger tips the pulse-beat of an empire. For 20 years, there probably has been no general movement for the advancement of South Texas which has not been launched or, at least, fostered by the South Texas Chamber of Commerce. Leeman aided in founding the 55-county organization in 1927 and has been executive head during its entire history.

Leeman has had a colorful career—veteran of both World Wars, race track driver, poet, pioneer of the automobile industry, civic leader.

He drove in the Glidden Tour, endurance contest for cars over highways (such as they were) and he raced on Oklahoma dirt tracks. His car crashed and a piece of railing was embedded in the daredevil's hip.

Leeman was born in Dallas in 1888, attending Castle Heights Military Academy in Tennessee and the University of Texas, where he was baritone in the glee club quartet. He became advertising manager for the Overland car, wrote the first full-page ad in automobile history (it appeared in the Fort Worth Star-Telegram), invaded the Middle West where he launched a new automobile, the Henderson, with such fanfare it marked a publicity "high" in the industry's early annals.

The scene was in Indianapolis, the day before the races—in fact, rivals said, he practically "stole" the Speedway classic to exploit his new car. Mayor Lou Shank, famed for his fight on the "high cost of living", poured a sack of potatoes over the "prow," then scrawled the name on the hood with a pencil, five feet long. The machine was to be driven into the lobby of a nearby hotel but the designer, at the wheel, caught Leeman's eye and whispered, "I can't start the blankety-blank thing."

Quick-thinking Leeman stepped back into the crowd and yelled, "Wait! Don't start it! Boys, let's roll it into the hotel." With a whoop, a dozen men put their shoulders to the car and shoved it down the street. Next day the pa-

To those indebted to, or holding claims against the estate of O. J. Grabbe, Deceased.

The undersigned, having been duly appointed executrix of the estate of O. J. Grabbe, deceased, late of Randall County, Texas, by A. H. Hunt, Judge of the County Court of said county, this 11th day of October A. D., 1947, hereby notifies all persons indebted to said estate to come forward and make settlement and those having claims against said estate to present them to her within the time prescribed by law at the office of her attorney, J. D. Barker, in the First National Bank Building in Canyon, Randall County, Texas, where she receives her mail, this 11th day of October, A. D. 1947.

MRS. CHLOE GRABBE,  
Executrix of the Will and Estate of O. J. Grabbe, Deceased.

He retained his interest in national preparedness, was a reserve officer, taking part in maneuvers each year and, in World War II, was stationed at Fort Sam Houston, with the rank of lieutenant colonel.

Back in 1919, just out of the army, Leeman returned to his home town of Mineral Wells. A friend, rich from oil, bought a drug store and gave the veteran half interest to run it. After a year, they sold out, and Leeman became manager of the Chamber of Commerce there. He gained national recognition by enrolling 600 members and raising \$35,000 for an advertising campaign. He burst into the verse about the marvelous mineral water—in fact, Leeman writes the rhymes on his Christmas cards and composed a ballad, "The checkered flag", about a speedway racer.

The West Texas Chamber of Commerce was going to hold its convention in Mineral Wells so Leeman got busy and an auditorium, seating 5,000 was built. A few days before the convention, the city's biggest hotel burned down but all the 50,000 visitors had a place to sleep.

So impressed was the WTCC that the go-getter was made assistant manager, in charge of the San Antonio office. He conceived the idea of a South Texas organization, helped create it and has been at the helm ever since.

Accomplishments of the STCC are too numerous and well known for mention here—but the record is understandable when one considers the picturesque, achievement-studded background of its sparkplug, Col. Ray Leeman.

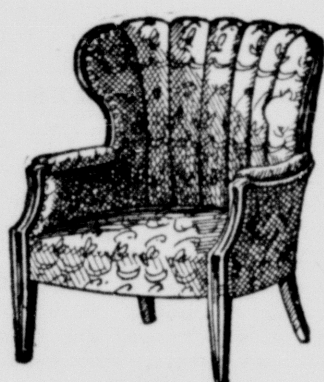

Poland's major coal port is to be Szczecin, known as Stettin when it was a part of Germany. Szczecin is closer to Silesian coal fields than Gdynia or Gdansk, which now handle the bulk of Poland's coal exports. By 1949, Szczecin is scheduled to have facilities for shipping six million tons of coal a year.

Sweden is setting quotas for importation of U. S. apples and pears. Indications are that 600,000 bushels of apples and 200,000 bushels of pears from U. S. 1947 Crops will be eligible for entry into Sweden.

Daylight saving time is being retained in France in order to curtail consumption of coal and electricity. This will be the third successive winter in which the French have decided against returning to normal time.

### Ruth Patman Wins Sun Princess Race; Will Go to El Paso

Blond, blue-eyed Ruth Patman of Clarendon will represent West Texas State as Sun Princess December 27-January 1 as a result of last Thursday's election, a student balloting so close that the victor won over her nearest opponent, Wilma Jean Miller of Dawn, by only eight votes.

"All five of the girls made a good showing in the race," avows Student Association President Charles Hutchison, who was in charge of the polls and the vote-tabulation.

A business administration major, Ruth was co-personality queen last spring. The nineteen-year-old junior is a member of the Student Senate, of Alpha Chi, the Buffalo Band, and secretary of the International Relations Club.

She transferred to West Texas last year from Clarendon Junior College.

Canyon School Carnival Brings Night of Money-making Fun

Crowning of Queen Highlights Gala Evening of Festivities

"The P. T. A. Hallowe'en Carnival is a success in the true sense of the word," states Mrs. J. D. Barker, president of the local Parent-Teachers' Association. \$1,134.87 is the estimate of the money received from the booths prepared by the classes of the school, the Veterans of Foreign Wars, and the American Legion. The carnival was held in the school gymnasiums last Friday night.

Press Club Leads

The Press Club led the booths with \$334.64 received from the Queen's booth. The senior's bingo made \$106.89; the juniors' money pitch, \$44.36; the sophomores' "nigger shooter," \$15.20; the freshmen's weight guessing, \$35.12; eighth grade penny pitch, \$28.29; seventh grade dart throwing, \$26.70; sixth grade candy sale, \$28.80; fifth grade "fishing hole," \$26.25; fourth grade grab box, \$38.88. Mrs. Dan Usery's third grade's marionette show brought \$23.41, and Mrs. A. K. Goodman's third grade, who also sponsored the White elephant sale, \$20. The second grade lemonade sale, \$31.20, and the first grade popcorn ball sale is \$41. The F. F. A. turned in \$26.64; the V. F. W., \$22.46; and the American Legion, \$30.01. There is only an estimate on that received by the F. H. A. and P. T. A. projects. It is: for the P. H. A., \$61.25 and the P. T. A., \$136.91. The coronation admission amounted to \$47.20.

Queen Crowned

Coronation of the Hallowe'en Queen, Doris Keller, seventh grade candidate, concluded the program for the evening. Master of Ceremonies, Guy Brant, announced the entrance of the princesses and their escorts, and last, the Queen and her escort, Ed Harrell. The princesses and their escorts were: eighth grade, Joyce Payne and Harrell Slack; freshman, Anita Ruthart and Tommy Dotson; sophomore, Bobby Ford and Harold Martin; junior, Ema Gene Zachry and Jerre Inman; and senior, Joan Morton and Clifford Burtz. Drummer and bugler for the coronation were Betty Ross Craig and Len Reid McCay.

For Her Majesty's pleasure, a program was given following the coronation by Guy Brant. A pantomime, "Hallowe'en Witches," by Linda Dooley, Iva Lou Wallen and J. N. Pope; a trio, "Near You," by Merle Bullard, Sue Ann Colwell, and Donna Erwin; and a folk dance, "Ten Pretty Girls," by Alice May Simms, June Carolyn Davis, Jean Davis, and Lucy Hollabaugh.

Concluding the coronation program, a dresser set was presented to Queen Doris by the Master of Ceremonies who represented the journalism class of Canyon High School.

WILL THE FIRE BURN BRIGHT?

Have you got that spirit? Come on out to the bonfire Thursday night and we'll see just how many have the old spirit to show the football boys we shall be behind them at the game Saturday night when they match their wits with those of Spring Lake.

Now stop and think. What do we need most of all before we can have a big bonfire? That's right. We need wood, and plenty of it. So if you have some old wood that can't be used for anything else, here's a good chance to get rid of it. Bring it to school or phone us and we will try to have it picked up.

The more wood we get, the bigger the fire will be!

An aluminum industry is to be developed in Australia, probably with the help of U. S. Capital. Australian officials say the country's bauxite deposits are big enough to keep large-scale production of aluminum going for 50 years.

Grade Notes

Sondra Price, student in Mrs. T. W. Collins' first grade, withdrew last week and moved to Amarillo.

Two birthday parties were given in Mrs. Joe Black's first grade last week. Nita Delores Newton celebrated her seventh birthday, Wednesday, Oct. 29, and her mother, Mrs. J. C. Newton, brought cake, candies and ice cream to the class. Also, Thursday, October 30, Billy Jean New's mother sent a birthday cake with favors for each child.

Gene Westfall has moved to Amarillo and will attend the Wilson school. He was a student in Mrs. Roscoe Davis' second grade.

Last week, Dolly Price, student in Mrs. Vearl Iverson's sixth grade, moved to Amarillo.

Moving here from the Philippine Islands is Jay Bollman who enrolled in Mrs. John Davis' sixth grade. He has told his class many interesting things about the Islands. He has spent most of his life there and he told of his internment during the war. Next week Mrs. Davis has asked him to tell of his school life.

Eugene Bailey and Cloyd Adams have moved to Tulia.

Due to his mother's illness, Mearle Findley, fifth grade student, was absent from class all last week.

Annette Meyer is in the hospital for surgery. She is in Mrs. Tom Brasher's fourth grade. Patsy Tow moved to Amarillo last week.

The children of Mrs. L. M. Cousins' fourth grade celebrated Jerry New's birthday last week. His mother brought cake and favors for the party.

Three students from the other fourth grade visited Mrs. Cousins' class last week. These were Sara Hickman, Garland Ruthart and George Thomas.

Last Wednesday Mrs. Walter Kirkpatrick visited the class.

Beginning a new unit on the Pilgrims this week is Mrs. A. K. Goodman's third grade. They will study this unit until Thanksgiving.

"THOU SHALT NOT"

This article which appeared in the Milwaukee University school paper a few years ago, seems to be of timely interest in our own school now, from the looks of some of the class rooms.

1. Thou shalt not litter the tables and floors of the library with waste paper and gum wrappers.
2. Thou shalt not, at the end of each period, leave magazines or books on the tables.
3. Thou shalt not deface magazines or library exhibits.
4. Thou shalt not steal the thumb tacks from bulletin boards so that the exhibits are left dangling.
5. Thou shalt not borrow inkwell and pen from the librarian's desk without asking permission.
6. Thou shalt not "cause to disappear" rulers and pencils belonging to the library nor remove books without charging.
7. Thou shalt not gain admission to study in another's room under false pretenses.
8. Thou shalt not mumble, whisper, nor talk aloud in the library, as thy selfishness disturbeth thy neighbors.
9. Thou shalt not seek permission to speak to thy neighbor to talk on last night's date instead of thy assignments; this is dishonest.
10. Thou shalt not teeter thy chair on its hind legs, for verily it is better to enter the room below through the doors rather than the ceiling.

Requirements For Honor Roll

New requirements for the honor roll this year, have been proclaimed. They are as follows:

1. B or better average in all subjects, will be required.
  2. Conduct in classrooms and on the campus will be taken into consideration.
  3. Only one unexcused tardiness will be accepted.
  4. Truency, even from one class, will keep your name from appearing on this roll.
- Let's keep our grades high and our conduct on a level basis.

Magician Act Is Assembly Show

Throughout the year lyceum programs are presented by the Southern School Assemblies to CHS students. Mr. C. Thomas Magrum, a noted magician, appeared in our school Wednesday, November 5. He is sometimes called the "Artist of Manipulation," performing amazing tricks such as producing coins, thimbles, balls and other articles from the air around him in his program, "It Can't Be Done." From Pandora's Box, he shows many lovely and interesting things, including colored and painted scarves, designed silks, parasols and even red underwear.

Directed by Mr. Harry Byrd Kline, the Southern School Assemblies arrange the contracts with many high schools for assembly programs for each school year.

The schedule of these lyceum programs which are to come to Canyon High School the remainder of this year is as follows:

- December 17: Joseph Ellis.
- February 12: Payssous, Telepathy and Hypnosis.
- March 10: Science Circus.
- April 7: Sounds of the Air.

School Song Directs CHS For 14 Years

"Our hearts are filled with gladness And pride in Canyon High, We'll play the game the livelong day Dishonor ne'er draws nigh, We'll spend our lives in serving For she has taught us how, So here's our pledge, We'll give our best for Canyon High School now."

These words are the school song of Canyon High. Do you know very much about it? If you don't, then the following will tell you.

Our school song was written in the fall of 1932 by Mr. George Terry, who was then principal, and was adopted by the students. The song was once changed to the tune of "Anchors Aweigh," but it proved unsatisfactory. The song now has the original tune and words.

DID YOU KNOW THAT

Mr. M. K. Young, our up and coming chemistry teacher, is really a good acrobat. We'll have to have him perform for us some time.

Our fiddle players of old CHS are Eugene Morris and Bobby King.

Mr. Miller and Mr. Devin taught in the Army Air Corps together at Amarillo during the war.

Stanley Lair's father was a member of the tallest basketball team in the world.

Mr. Hollabaugh doesn't have to work so hard since he received a new rolling trash can.

312 ballots were cast this week in the election for SFC president and vice-president.

Opal Brant goes to school in New Mexico, however she lives in Texas. Canyon Eagles rate second in defense and eighth in offense in this region.

A new fire guard is mounted under the Eagle in the hall.

There are twenty graduating group pictures in the halls.

Coach R. D. Wheelock is left handed.

The Eagles lack only one game winning district.

Richard Walters has been shaving for two years. He cut himself both times.

"Hoss" Inman has been demoted to "pony."

One of the Dickerson twins is left handed.

Mr. Sanders played on the CHS football team when they defeated the Golden Sandies.

Begins to look as if the school of experience needs a memory course.

Eaglettes Outplay College Six 23-18

Starting the season off right with a win over the West Texas State College were the 1947-48 Eaglettes. Martha Jean Avent shot the ball through the hoop for the first score of the game and season. The half ended with the score 10-10.

At the beginning of the second half it was the Eaglettes' ball game, with Martha Jean Avent and Dorothy Butler putting the ball through the basket the score was 17-14 at the end of the third quarter. The game ended, West Texas State 18 and Canyon High Eaglettes 23.

Starting for the Eaglettes were: Martha Jean Avent, Dorothy Butler, Bobby Ford, Juanita Avent, Mary Sue Foster and Chloe Ann Black.

Substitutes were Janey Forester and Barbara McDougal.

Photographers Make Pictures for Annual

Pictures for the annual are well under way with Pat Britain as official photographer for the high school students' pictures. Last Tuesday morning freshmen sat for two poses in the Britain studio, and candidates for Hallowe'en Queen were next on the list.

Individual pictures of Queen Doris Keller and some of her with her attendants were made Friday night after the coronation ceremony.

Tuesday morning sophomores watched the birdie. Thursday will be the junior's time. Seniors will conclude the schedule by having their photographs made next Monday.

November 3, Mr. Paul Benton, photographer for the Henington Studios of Wolf City made individual pictures of grade and junior high school students which will be used in the annual. He also made shots of high school students and teachers who are interested in inexpensive prints.

Betcha Betty Leads All Girls' Names

Betty, Betty, every where, but not a Betty in the Sophomore class.

Seems as though when mothers started naming their children, Betty was a very popular name.

On the Betty list at CHS are the following names:

Betty Tucker, Betty Jean Graham, and Betty Ross Craig.

Betty Slagle, Betty Ann Erwin, and Jerre Inman (O my goodness! How did that name get in here?)

Betty Schuette, Betty Thomson, Betty Jane Hales, and Betty Miller.

There are plenty of Betty's in the other classes to make up for the Sophomores not having a single one.

Businessmen Contribute Articles to Bingo Booth

Business firms of Canyon which contributed to the senior bingo booth are as follows: Bellah's Super Market, Canyon Produce, Myers Farm Equipment, J. J. Walker Drug Store, McDonald's Shop, Irene's Beauty Shop, Thompson's, Jennings', Cooper's Market, Consumers Service Station, Burrow Lumber Co., Carl's Cafe, Canyon Drug, Warwick's Olympic, Moses, and Western Auto.

City Pharmacy, Warren's, Palo Duro Novelty Shop, Bob's Coffee Shop, Buffalo Drug, Buffalo Food Store, Campus Shop, Flower Mart, and Bill's Steak House.

A trade agreement between Argentina and Italy provides an Argentine credit of \$175 million for food purchases by Italy. In return, Argentina is to get industrial equipment, technical aid, textiles, wines and olive oils.

The U. S. is now world target No. 1.—Gen. H. H. Arnold.

Well, well! Cal has finally recovered from the long, long week end. At least, he is up and around today.

Martha Wilson, it certainly was nice of Dicky Boy Barrett to send you that mum to wear to the Hereford football game, wasn't it?

I heard that Wayne Griffin and Mary Ruth Hill had a swell time at noon in the Auditorium Monday. Where were Lorayne Carter and Geneva McDougal? Who cares??

James "Pony" Inman was seen proudly escorting Bobby Ford Sunday night.

Time out—To tell Gerald McDuff that Joanna Haines and Helen Borden a-d-o-r-e him.

Couples seen at the Hallowe'en midnight show were Jerre Inman and Ema Gene Zachry, Harold Prichard, an ex-student, and Suzanne Stevenson, Billy Clevenger and Mable Ann Graham, Wilbert Long and Donna Erwin.

I wonder if the reason that Donald Davis likes to drink malts at the Canyon Drug Every Sunday could be because of the certain girl that makes them?

Betty Slagle seems to think that she has Robert McClendon over the barrel.

Paige Carruth and Weedon Young were having a lengthy conversation in the hall Monday. What will the outcome of this be?

Richard Walters, Donald Davis, Don Hickman, and Harold Prichard keep Sue Ann Colwell's phone busy—and Guy Brant walks her to and from church, school and etc: Where is Max? Hummmmm?

Ernest Gouge, who just recently enrolled, is getting a bang-up start with Barbara McDougal. Keep it up kids.

Sidney Plant was a baby sitter in the show Saturday night. What is the younger generation coming to.

Girls Plan to Make Christmas Gifts

During the past few weeks, the classes of the Homemaking Department under the direction of Mrs. Perry Bell, have been undertaking various studies in the lines of cooking and sewing.

The second year girls have completed a unit of caring for their clothes. Each girl made some article to aid in the care of her wardrobe. Some of the articles that were made are: shoe shelves covered with material, quilted satin handkerchief and hose boxes, satin covered clothes hangers, laundry bags, and shoe bags.

"Some of the girls are planning to make some of these articles for Christmas gifts," states Mrs. Bell.

They have also been discussing color combinations and designs and clothes that are best suited to the individual.

First year girls have been cooking muffins and waffles. The cookies for the reception after the formal initiation were cooked by the Homemaking I girls.

"Because of the need for food, the girls are learning how to cut down on food and still serve well-balanced meals," says Mrs. Bell.

FFA Chapter Is Guest at Happy

Happy vocational agricultural students are once more organized into a FFA chapter after a lapse of five years. The Canyon Future Farmers with their adviser, Mr. T. L. Devin, assisted in their initiation last Monday night in the Happy High School before a large audience of invited guests.

"The Future Farmers of America was organized in 1928 at the National Assembly held in Kansas City with 'Service' as the watchword; 'cooperation' the theme song; and 'accomplishment' the guiding star," James Bible said as he addressed the group.

"Leadership," the subject of Eugene Morris's talk before the candidates, emphasized the need for educated leaders to be brought up for this work, which, he said, can be done by each member learning the work well, and trying to raise his service rank in the organization.

Then followed the formal initiation in which each pledge appeared before CHS chapter officials to learn the true aims and purposes of the FFA.

Canyon officers who presided at the initiation are: Donald Davis, president; Leo Erwin, vice-president; Travis Payne, treasurer; Jerre Inman, reporter; and Bobby King, sentinel.

Norma Zell Zachry took time out to come up to school Monday night for Ema Gene and to bring the members of the press club a bag of fresh doughnuts.

Canyon Awaits Springlake Tilt

Canyon Backfield Shows Speed In Finding Holes

Canyon High's high scoring Eagles are one game from district championship, after defeating the Hereford Whitefaces, 31-0. This game was called "the game of the week," by Amairillo sports writers. The Eagles will meet Springlake Saturday night, in a non-conference battle at Buffalo Stadium. Game time is set at 8 o'clock.

In the stunning wallop which the Eagles handed Hereford, several of Canyon's back showed their ability in finding holes opened by Eagle linesmen. The purple and white garbs started their first touchdown drive from the Herd's 40 when Tommy Hunter completed a pass to Horace Carter for a gain of 19 yards. Hunter carried the pigskin to Hereford's 14. James (Hoss) Inman tallied the first score on a 14 yard end sweep.

Eagles Go On Scoring Spree

Canyon's second score came in the third quarter when Wayne Davis ploughed his way from Hereford's 35 to their 24 yard strip. Meade Michael scampered the remaining 24 yards for a touchdown. The fourth quarter proved to be an exciting one as the Eagles scored three touchdowns. The third touchdown was set up when Davis ran 20 yards to Hereford's 3 yard stripe. Hunter battled the remaining yardage for the score. Hunter made the extra point count on an end run. Canyon's fourth tally came when Austell Burrus intercepted one of Hereford's desperate passes to run 22 yards for a touchdown. Burrus intercepted his second pass of the evening on Hereford's 10 where he was downed. Canyon received a penalty for holding of 15 yards. Inman completed a pass to Carter to gain 15 yards. Michael sped the remaining yardage for a touchdown. The try for extra point was not good.

Hereford Threatens

Hereford surprised the Eagles on a sneak pass which made 35 yards. Leo Hennington, one of Hereford's outstanding backs, ran 20 yards before he was downed on Canyon's 17 yard line. This was as far as Hereford ever progressed. Hereford fumbled and the game ended with Canyon in possession of the ball and a wide margin in the score. All the members of the squad were in the game at one time or another.

## World Community Day Program To Be Given Friday

Canyon Council of Church Women will hold its World Community Day Service at the Presbyterian Church on Friday, Nov. 7, at 3 o'clock.

Following the opening devotional, there will be special music by Bill Hutchinson, and "The Meaning of

World Community Day", will be discussed by Mrs. O. L. Coleman. This World Community program, carried out by the United Council of Church Women over the nation, represents the response of American church women to the needs of suffering children around the world. Many councils are answering the call by preparing "Boxes and Bundles", for overseas school children. Since the Canyon Council received specifications for this project too late to accept its challenge, a special offering will be made at the Friday meeting. This will be the last meeting of the year for the local council, and a good attendance is anticipated.

### SUE HITE STUDY CLUB CONTINUES PROGRAM SERIES

Sue Hite members met Monday afternoon, Oct. 27, at 3:30 in the Thompson Club room to continue their series of programs on the theme, "Elements in Colonial Character". Miss Eula V. Potter was program leader for the afternoon and she introduced Mrs. Crews Henry who gave as her paper, "Contributing to American Ideals".

Mrs. Jerry Newman read an autobiography of Benjamin Franklin. During the business session, Mrs. Loyd Devin was appointed as federation counselor, Mrs. Virgil Henson was requested to serve as a member of the membership committee, and Mrs. Frank Morgan was named to the arrangement committee.

At the next club meeting, Nov. 10, "Foundations of the Democratic Idea", will be discussed by Mrs. Devin, and Mrs. Hatcher Brown will tell of the "Winning of Independence".

Present were: Mrs. W. E. Miller, Mrs. Loyd Devin, Mrs. Hatcher Brown, Mrs. Walter C. Bowen, Mrs. Glenn Truax, Mrs. Jack Taylor, Mrs. Levi Cole, Mrs. W. F. Haggard, Mrs. W. A. Miller, Mrs. Herschel Coffee, Mrs. F. D. Barnhill, Mrs. A. H. Prichard, Mrs. Gordon Lyons, Mrs. Virgil Henson, Mrs. Frank Morgan, Mrs. Aubrey Crossland, Mrs. R. D. Wheelock, Mrs. E. R. Cleavinger, Mrs. D. B. Gragg, Mrs. W. T. McGregor, Mrs. Crews Henry, Mrs. D. M. Foster, Mrs. Sidney Burgess, Mrs. Jerry Newman, and Miss Eula V. Potter.

### NURSERY SHOWER IS GIVEN TO HONOR MRS. HARWOOD

Mrs. Donnie Ament entertained in her home Friday afternoon with a nursery shower honoring Mrs. Fred Harwood. Mrs. Ament was assisted by Mrs. Joe Prichard and Mrs. Eddie Greteman.

Two guessing games were played with Mrs. Sam Allen of Amarillo winning first prize. Delicious refreshments of pink and blue cake and coffee were served.

Present and sending gifts were: Mrs. J. R. Lawrence, Mrs. J. S. Allen and Mrs. A. D. Parker, all of Amarillo; Mrs. George Harwood, Mrs. Luke Miller, Mrs. Mary Jo Robinson, Mrs. W. H. Lewis, Mrs. Leta Gaines, Mrs. Joe Prichard, Mrs. Piner Stevens, Mrs. Joe Byrd, Mrs. Roy N. Byrd, Jr., Mrs. Eddie Greteman, Mrs. Lavert Ament, Sr., Mrs. Joe Gidden, Mrs. Donnie Ament, Mrs. C. E. ## Jimmie Gillentine Comes Over to Cry on Our Shoulder

Jimmie Gillentine, co-owner and publisher of the Hereford Brand, came over Friday to cry on the shoulder of the News publisher. Misery likes company, so they say. Jimmie has a world of troubles just now.

Both of us had exactly three weeks of news print on hand—two week's supply now. Jimmie has lost one printer, and another threatens to leave. (We still have our force—or did have this morning).

Jimmie was out trying to find the tracks of a printer who might be at large. (We hope him success). Besides this the world is bright and merry.

### THURSDAY NIGHT DINNER CLUB IS ENTERTAINED

Mr. and Mrs. Milton Morris entertained members of the Thursday Night Dinner Club at Conner Hall. High scores at bridge went to Mrs. Robert Jarrett and Hosea Foster.

Present were: Mr. and Mrs. Gordon Lyons, Mr. and Mrs. Hosea Foster, Mr. and Mrs. Al Williams, Mr. and Mrs. Robert Jarrett, Mr. and Mrs. Otis Parker, Mr. and Mrs. Jerry Newman and the host and hostess.

Wilbert Long, student at Wayland College in Plainview, spent the week end in Canyon visiting with his parents, Mr. and Mrs. Henry Long.

**Hagy Tells Audience  
Of Russian Attitude**

"Next time, it's going to be a tough situation," warned Mayor Lawrence Hagy of Amarillo when he addressed assembly Thursday.

The situation to which the mayor, formerly a colonel in the Army, referred, was the danger of an impending war, one in which the United States might not be in so favorable a position as it was during the last two wars, when it was on the side with a preponderance of men and material.

In regard to his contacts with the Russians while he was stationed in Hungary, Hagy declared:

"We got along very well with the Russians so long as the war was going on. They were jealous and envious, but at the same time affable and cooperative."

He cited several instances, however, in which the U. S. Army and the Red Army clashed over details of the occupation. He also maintained that this nation had brought her forces home too soon, inasmuch as Russia still has from three to four million troops in occupied Europe.

"But I don't think the people there will go for this communism; after about two years conditions should level off again," he added.

"Even the Russians themselves are not too well sold on communism, for only a small percentage of them belong to the party. As a matter of fact, the choice assignment for a Russian soldier was an assignment outside his own country."

Hagy, a well known Amarillo businessman, was elected mayor of the community last spring.

**SPEAKER****CONSPIRACY**

It was a dark alley in one of the worst parts of the town. Three men were waiting. One of them pulled a slouch hat down over his eyes, and said, "D'ya see him?"

Another took a quick peek around the corner. "Yes, here he comes!" he hissed.

The man with the slouch hat picked up a short thick section of pipe. Another took a heavy wrench, and the third grabbed a smaller wrench that was none the less effective in close quarters.

"All right, fellers, let's go," one whispered.

And thus, when the boss got around the corner, he found his three plumbers busily at work.

Advocates of a firm policy by the West to "force" the Russians out of Germany if necessary are being cautioned to look at the facts. The most reliable estimates are that it would take the United States more than a year to get a dozen armed divisions into Europe. Russia would have up to 200 divisions in less time than that.

**Save Grain---Feed Right**

Here are Practical Suggestions to Help Tie-in with the President's Conservation Program.

**HOGS**

Feeding a good supplement can save about 6 or 6½ bushels of corn for every 100 pounds of pork. For example 50 pounds of Purina Pig & Hog Chow and 5½ bushels of corn on the Purina Plan can do the job of about 12 bushels of corn fed straight.

Worming pigs at 12 weeks of age can save 2 bushels of corn. Purina Pigtab Granules does the job easily, economically.

Market hogs at lighter weights—200 to 225 pounds. Every reduction of one pound in the average weight of all hogs marketed in the U. S. saves 7 million bushels of grain.

Keep hogs on pasture as long as possible, check feeder adjustment to avoid wastage, have plenty of clean water, and protect against losses of feed wastage caused by disease and parasites.

**DAIRY CATTLE**

Feed cows according to production—weigh milk and feed accordingly. Cull dairy herds carefully and intelligently. Sale of low-producing and defective cows will conserve grain and increase meat supply.

Feed dry cows properly for increased production at lower cost at next lactation.

Conserve milk by feeding calves on a dry feed like Calf Startena.

**LAYERS**

Cull flocks carefully and continuously. Sell all non-layers and, unless producing hatching eggs, sell all cockerels.

Feed the best ration available to high-producers and get the most feed into the layers. This will conserve grain through getting the most eggs per pound of feed. Extension Service figures from many states show an average of about 9 pounds of feed to produce a dozen eggs. On the Purina program with Purina Layena or Lay Chow it takes only about 6 pounds of feed per dozen eggs.

Keep flocks healthy and reduce mortality through a careful sanitation program.

Avoid feed wastage by using efficient feeders, by not overfilling hoppers but filling more often.

**KILL RATS**

One rat can eat 50 pounds of corn and waste 50 to 100 more. With an estimated 100 million rats in the U. S., a concerted Rat Riddance campaign would save millions of bushels of badly needed corn and other grains.

## A fantastic idea ?

We have here a telescope with extraordinary powers.

All you have to do is point it in the right direction and you'll see that South Sea Island you've always dreamed about. Or those gay, flower-filled streets of Paris in the Spring. Or any other place you've always had your heart set on going some day when all your heavy responsibilities are over.

Sometime a device like this might really be fact instead of fancy. But, extraordinary as it will be, there's one thing it won't ever be able to do. And that's provide the means for you to get there.

That's something you'll have to do for yourself.

For most people, the easiest—and often the only—way to do it is by means of a constant, regular savings program like the Payroll Savings Plan. Having a specific amount deducted from your salary regularly for the purchase of U. S. Savings Bonds is one of the simplest, safest ways of accumulating money.

The special Bond-A-Month Plan for those who have checking accounts is another convenient way of saving money.

Either way is safe. And rewarding—both in security and return. A Bond that costs you only \$18.75 now will be worth \$25.00 in ten years.

Just make sure now that, if and when your opportunity comes, you'll not only be ready and rarin'... but able to go.

## Arizona Falls To Charging Buffs

First Team Sits on Bench While Subs Run Up 25-0 Win

Only by putting in the second and third teams after the half, Coach Frank Kimbrough and the West Texas Buffaloes managed to hold the score down to 25-0 in the Border Conference tilt against Arizona State at Flagstaff last Saturday afternoon.

Some people on the campus in Canyon expressed dismay because the Buffs did not run up a higher score and the fans in Arizona urged the coach to put the first team back in during the second half.

However, those on the coaching staff are saving the men on the first team for this week's tussle with Hardin-Simmons. Only one man who made the trip to Flagstaff, Charles Wright, did not play in the game. He was out because of injury.

West Texas dominated play throughout the contest, scoring once in the first frame, twice in the second and once in the third. Fumbles and incomplete passes were numerous as Flagstaff recovered three of the Buffs' dropped balls and WT recovered one from the Lumberjacks.

Both squads passed a lot, but completions were few and scattered. But the Herd registered two tallies on pass completions. Four passes out of 14 were completed by West Texas and four out of 16 were caught by the Lumberjacks. Each team intercepted one throw.

Bill Cross took the opening kickoff from Flagstaff and raced 70 yards to the Lumberjack 18 where he fumbled the ball. About midway in the same period Charles Kitchens took an intercepted pass for 50 yards and the first Buff score.

WT tallied twice in the second quarter, the first coming after a 65-yard drive and a five-yard run around end by Bert Pruitt. After this run, Pruitt was taken out of

the game and saw no more action. Junior Melton's kick for the extra point was his only good one of the afternoon and made the score 13-0.

Near the end of the same period Willis Hedges returned a punt to the Flagstaff 24. Cloyce Box threw a pass to Jimmie Draper who raced to the five. Draper, four plays later, scored the third touchdown. The score at halftime was 19-0.

A 65-yard drive in the third quarter resulted in the final score by West Texas. Two passes and short ground gains were the factors which resulted in the score. The first pass, ending on the Flagstaff 32, was thrown by Ray Moore to Clyde Ivey. Moore then tossed another to Cozel Foster for 28 yards and the final counter.

Throughout the game, Buff mistakes were the main reason for the score being as low as it was with fumbles and incomplete passes marring the game. However, Buff defense was not to be deterred by the Lumberjacks as they were forced to punt 10 times during the contest.

Offensively, the statistics show little difference, especially since the score was as large as it was. Flagstaff came out with 7 first downs and the Buffs collected only 8. In yardage gained Flagstaff was only some 30 yards behind WT with 134 to the Buffs' 166.

The win puts the Herd in second place in the conference race with three wins and one loss.

Cotton spinning in Japan is making a comeback after curtailments due to shortage of raw materials. New supplies from the U. S. and India are to be sufficient by the end of the year to keep 3,600,000 spindles working. Present plans call for four million spindles in operation by the middle of next month.

Sales of Australian wool are running more than double last year's rate. Auctions in the first three months of the current season brought \$64 million. In the same period last year, sales of raw wool amounted to \$28 million.

Stop praying for me, Mama, and pray for the whole team—Jackie Robinson, Dodger Negro first baseman, in letter to his mother.
